

Campaign for Wellspring

WELLSPRING

Building Components

Ending relationship and sexual abuse in our community

Our new building will solve our current building challenges. The following improvements will increase our services and programs that are critically important to serving victims of domestic violence and sexual assault in Saratoga County and victims of sexual assault in Washington county.

Main Welcome Area

A welcoming space for the public to enter to participate in a myriad of community programs.

Client Welcome Area

A welcoming space with a private entrance that includes a secluded space for clients to wait for appointments as well as a playroom for children.

Counseling Rooms for Clients and Staff

Our clients are coming to us in crisis and sharing parts of the most personal aspects of their lives during a difficult, vulnerable, and very emotional time. A confidential space for these conversations, is imperative.

Children's Play & Waiting Area

Adult appointments can often take hours and children need a safe and fun space to play during this time.

Food Pantry and Client Shopping Room

Clients are often leaving difficult situations in need of essentials such as food, household items, or school supplies. A private space to select donated items they need is one of their first steps towards independence.

Community Meeting Space and Community Education Rooms

These rooms will be used for community presentations about identifying and ending domestic violence and sexual assault, to train professionals, and to hold support group gatherings.

Prevention Outreach

Space for our Prevention Team to enhance and develop Prevention and Awareness Programs for many partners in the community including initiatives with Saratoga County schools, Skidmore College, church groups, and business partners.

Workforce Development Room

Area for a Workforce Development Center where Wellspring will provide job skills training including programs focused on interpersonal skill development, financial literacy, and more.

Staff Wellness Room

The important and difficult work that Wellspring staff deal with every day is often tough and trying. Our staff need a welcoming space to take a break and breathe.

Community Wing

An area for vital decision making about Wellspring's future, as well as a much needed storage space for confidential documents.
